

Delbin George

Web Developer | <https://delb.in>

I thrive on solving problems and adapting to new challenges, whether it's coding, troubleshooting, or collaborating with a team. Additionally, I possess a flair for designing software, mobile apps, and websites.

Projects

Bus Watch App Using React Native

- React Native Developer | March 2024 – March 2024
- Facilitated easy access to bus timings for Nitte's student and local community
 - Over 50 monthly users
 - Enhanced user engagement through intuitive design
 - Effectively utilized Git & Github

Student Mentorship App (NMAMIT, Nitte)

- Frontend Developer | Oct 2023 – Present
- Utilized by approximately 320 students and 30 faculty members
 - Build on top of Laravel for efficient and robust development
 - Applied frontend best practices for scalability and maintainability
 - Managed project codebase efficiently with Git & Github

Eatables: Food Discovery & Review Platform

- Web Development in PHP | Feb 2023 - July 2023
- Leveraged PHP and Tailwind CSS to achieve project goals effectively
 - Contributed to UI design, frontend and backend development and system testing
 - Provided integral support across various aspects of the project's lifecycle

Personal Portfolio Website

- Frontend Developer | Feb 2022
